**Volunteers:**

Wisconsin Day Care regulations require regular volunteers to provide documentation of a negative TB test. This can be done:

- 1) At your own clinic
- 2) Dane County Public Health (608) 242-6520
  - If you receive medical assistance, the test may be covered.  
(Please call the Public Health office to confirm)
- 3) Concentra East (608) 244-5508 or West (608) 829-1888.

Please have the doctor sign the attached sheet (or they can use their own form) and return to Human Resources when completed. **TB Test needs to be done within 30 days of the start of volunteering.** If you had a TB test conducted in the last 12 months, please fax your test results to Human Resources at 608-275-6756.
